Objective

A passionate web developer with expertise in building dynamic web applications and e-commerce platforms. Skilled in front-end and back-end technologies, I strive to develop scalable and user-friendly software solutions that enhance user experiences and drive technological innovation.

Experience

- **Navodita infotech**   5th June 2025 - 4th July 2025
  Web development
  Completed a 1-month internship focusing on front-end and back-end development.

- **RB international**   May 2024 - July 2024
  Accountant
  Managed data entry, voucher handling, and basic financial reporting.
  Gained practical experience in Tally and office accounting procedures.

Education

- West Bengal Board of Secondary Education   2020
  B+

- West Bengal Council of Higher Education   2022
  B+

- **Burdwan University**
  B.A (Final Year, Pursuing)

Skills

- Programming Languages: JavaScript, Python

- Front-End Technologies: HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery, React.js

- Back-End Technologies: Node.js, PHP

- Databases: MongoDB, SQL

- Tools: Git, Wordpress

- Accounting & Business Tools: Tally

Projects

- **E-commerce Website**
  Developed a fully functional e-commerce platform using PHP, jQuery, Bootstrap, and SQL. Features include:
  ✔ Admin panel for managing products and orders
  ✔ Secure payment gateway integration
  ✔ Responsive and user-friendly UI

- **Contact Management & Video Player**
  Built a contact-saving and video player web application using HTML, CSS, and JavaScript. Key features:
  ✔ Save and manage contacts efficiently
  ✔ Integrated video player with custom controls

- **Other Projects**
  Apart from these, I have developed multiple mini and large-scale projects, which are available on my GitHub.
